

## Some Geometry textbook resources

Text                    Geometry                    (New York)  
Authors                Boyd, Cummins, Malloy, Carter, Flores  
ISBN                    0-07-873321-9 (Teacher Wraparound Edition)  
                              0-07-873320-0 (New York Student Edition)  
Publisher                Glencoe

Text                    Geometry  
Author                  Bass, Charles, Hall, Johnson, Kennedy  
ISBN                    0-13-202877-8  
Publisher                Prentice Hall

Text                    Integrated Math Course I  
Author                  Bumby, Klutch, Collins, Egbers  
ISBN                    0-02-824566-2  
Publisher                McGraw-Hill, Glencoe

Text                    Integrated Math Course II  
Author                  Bumby, Klutch, Collins, Egbers  
ISBN                    0-02-824906-2  
Publisher                McGraw-Hill, Glencoe

Text                    Modern School Mathematics Geometry  
Author                  Dolciani,  
ISBN                    0 – 395- 13102 -2

Text                    Modern Geometry – Structure and Method  
Author                  Dolciani, Gurgensen, Donnelly, (1963)  
Publisher                Houghton Mifflin

Text                    Integrated Math Course I  
Author                  Dressler, Keenan  
ISBN                    0-87720-248-6  
Publisher                Amsco

Text                    Integrated Math Course II  
Author                  Dressler, Keenan  
ISBN                    0-87720-271-0  
Publisher                Amsco

Text                    Geometry                    2008 edition  
Author                  Ann Xavier Gantert  
ISBN                    978-1-56765-595-7  
Publisher                Amsco
